

*HATS OFF
TO A
GREAT YEAR!*

In Dedication To
ARTHUR M. CAREY

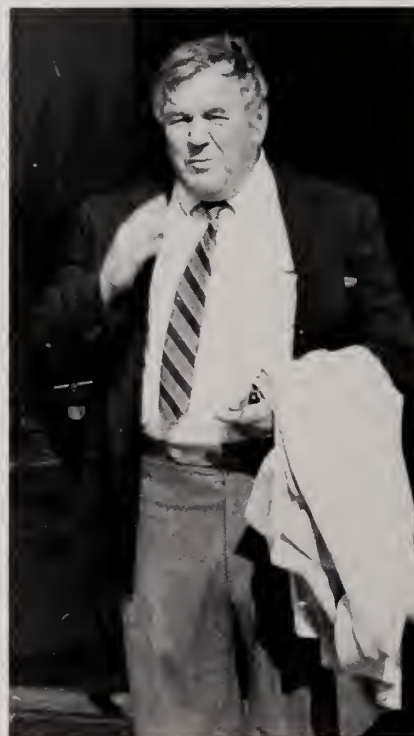

"Where are you going this weekend, Mr. Carey? To a Dormaurh football game?"

"Gotta Have
 A D.Q.
 Blizzard! . . .
 Oops! . . .
 I Forgot
 My Diet!"

"You gum chewing hippies! What do you think you're doing skipping my class?"

Since 1965, Arthur Carey has spread his warmth and smiles throughout Ipswich High School as a social studies teacher and a coach. He was the assistant football coach until 1981. Simultaneously, he introduced lacrosse and served as its head coach. He held the position of Social Studies Department Head and then he became Athletic Director, a position he has held until his anticipated retirement this year. Mr. Carey has been a guiding light to many students who will always remember his inspiration and encouragement. For this we thank him, the "loveable reddy bear" of I.H.S..

We'll miss you A.C. You're the
GREATEST!!
 Love, The Class Of 1988

THE TIGER

The hat is a tool that we use for expressing ourselves and our personalities. There are many kinds of hats just as there are people. Some hats are worn for costumes, for uniforms, for fashion, for warmth or for just sheer pleasure. Even though we have all worn hats for so many different reasons, still we have all shared a common root. In the past four years we've walked through the same doors, traced the same steps and struggled through many hard times.

Once again our paths have crossed and we've achieved our primary goal leading us down the road to success.

Before we proceed to the bigger and better things in life, it's always special to look upon our past four years at Ipswich High School. Let's take off our hats and reflect upon the memories that will always be foremost in our minds.

Always remember the good, learn from the bad and continue the great times that we've all had. Hats off to the class of 1988!

Our

CLASS

'88

SENIORS

Senior (sēn-yer) 1. Superior in dignity, rank or office. 2. To the final years of the course of american colleges, high schools etc.. 3. Seniority.

As we strolled through the first wing doors on the *last* first day of school, we seniors shared a feeling of confidence and excitement but overall . . . superiority. Some of us even felt a few inches taller.

When did we become seniors? Was it when we were assigned our lockers in the "senior wing?" Was it when we threw our first (but definitely not our last) "seniors only" party? Or how about when we found ourselves debating current issues in Poli. Sci. instead of frivolous bickering among each other. We all had our preconceived ideas about when one became a senior and what a senior really was. But one thing was sure: we all had "responsibility" lingering over our heads. We all achieved this dignified status of high school "responsibility" at some point in time, whether it was our *last* first semester or our *last* last day of school.

Despite all the headaches from college applications and essays, the worries of what we were going to do after we graduate or the fear of entering the "world beyond this sanctuary", we, the class of nineteen eighty-eight have succeeded in making our senior year one of the best years of our lives.

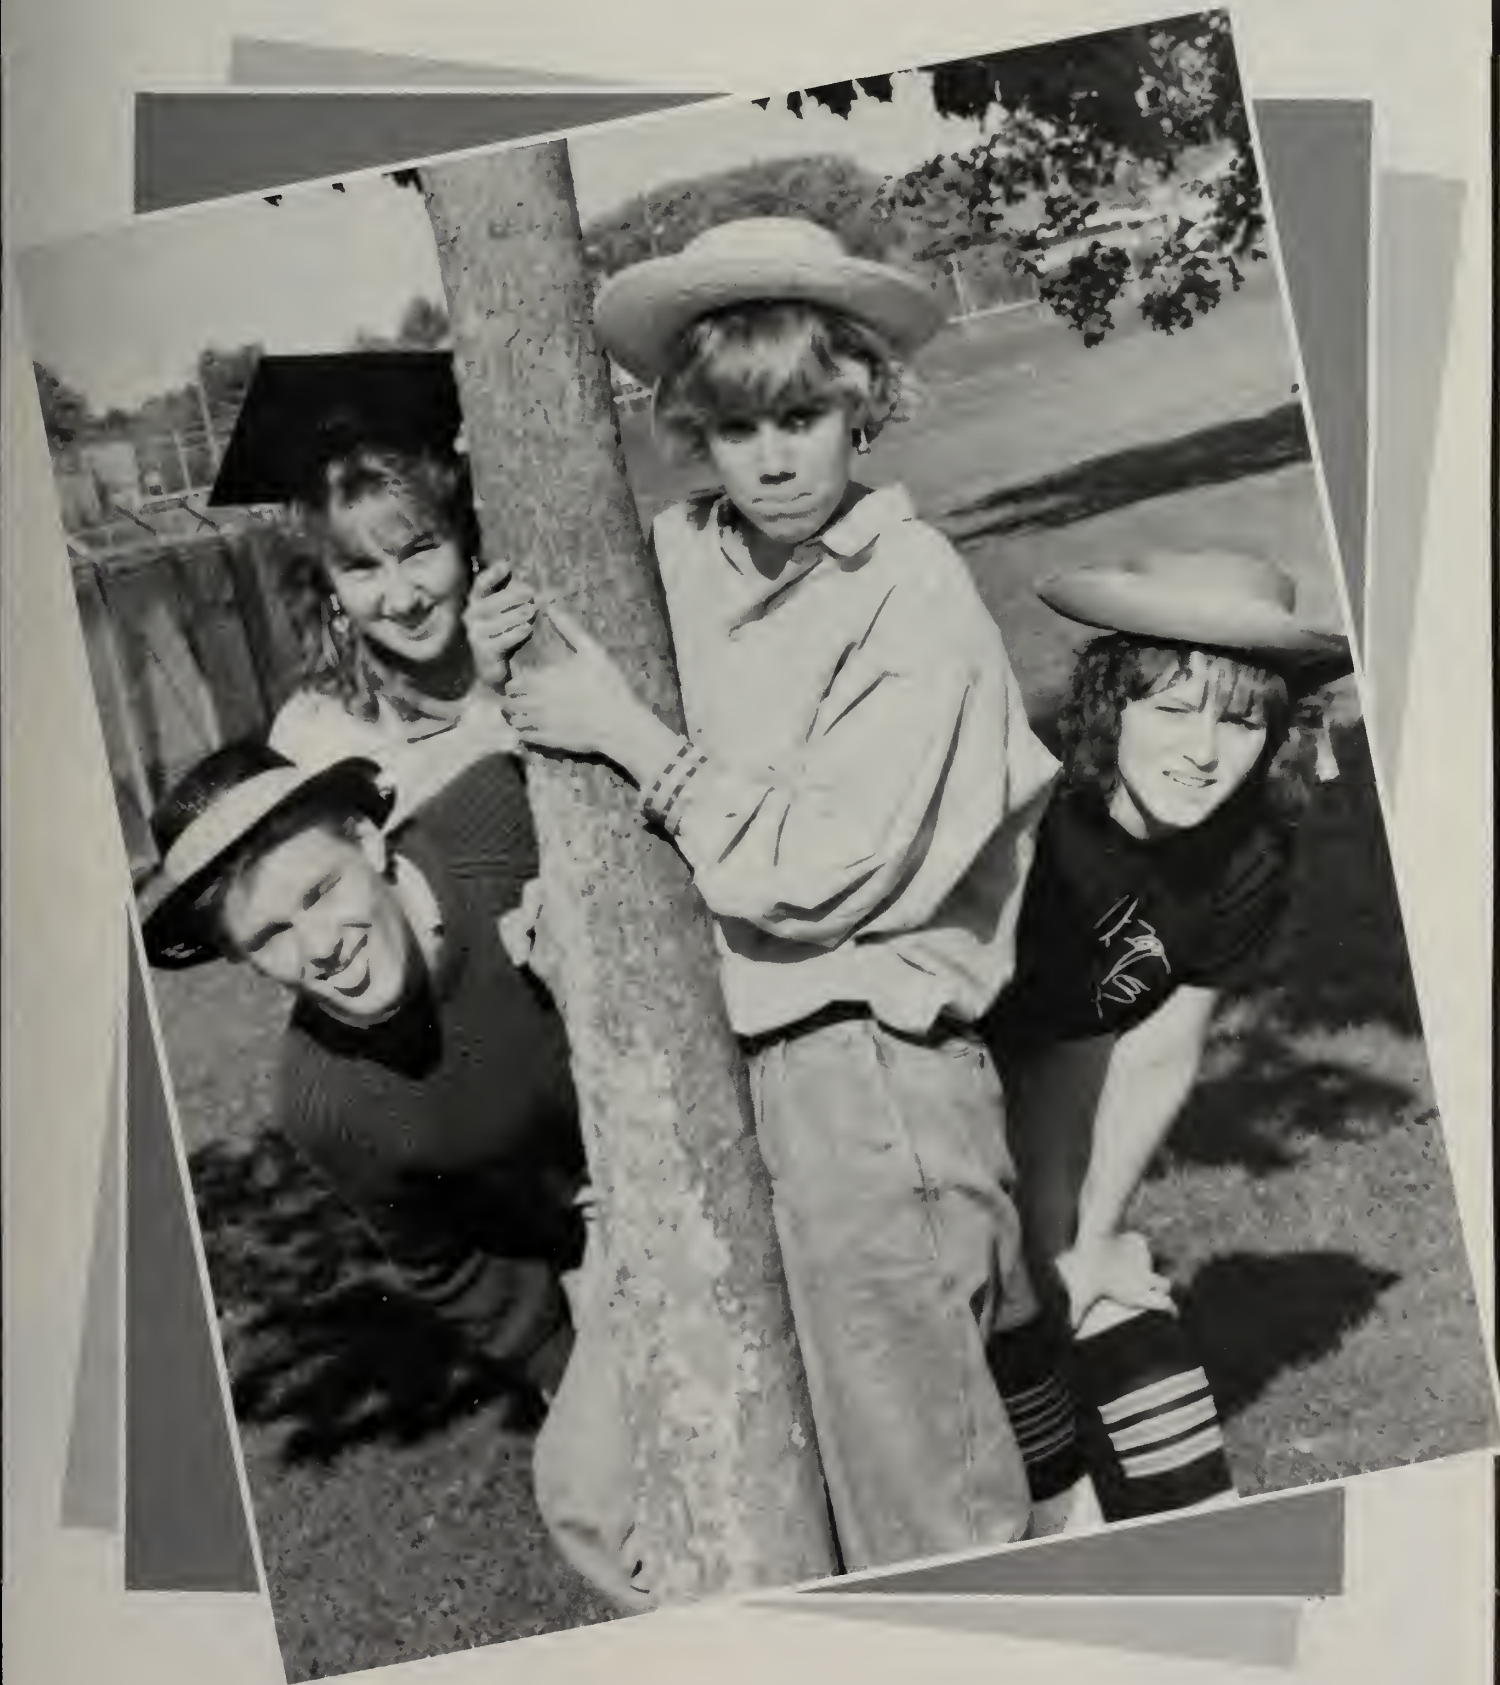

As this year progressed, we became more and more aware that this was, for many of us, the end of twelve years together.

Next year when we have gone our separate ways, we should remember and cherish all the wild and woolly times we've spent together, even the dullest of moments.

Now as we close the doors to these very special years, let us open the doors to a healthy and prosperous future. Hats off to the Class of 1988!

CLASS ADVISORS

We, the Class of 1988, would like to extend many thanks to Mrs. Beverly Benedetto for all her hard work during the past four years. As our class advisor, Mrs. Benedetto has helped us through our many fundraisers ranging from the not so successful confetti sale to the lucrative bottle and can drive. Mrs. Benedetto is to be remembered by all of us as a caring, loving and very dedicated woman.

Each spring, Chuck Holman joins the Senior Class advisor as the graduation "expert". We would like to thank him for his steady guidance as we march down the aisle and survive the festivities. He has not only been a teacher, but a supportive friend to many of us.

Thank you both for all your hard work and patience, but especially your smiles.

UNDERCLASSMEN

What does one mean by the term "underclassmen"? It's not meant to be degrading, only to distinguish between the seniors and, well, . . . everyone else. (You see, to a senior, nothing else seems to matter!)

Underclassmen usually can be spotted doing certain duties they must traditionally perform during the day. They are most likely seen carrying those heavy field hockey nets or strenuously lugging a loaded backpack which happens to contain the entire contents of their locker. Underclassmen are also recognized when dutifully throwing away trash in the "Cafe Del Tigre". This trash probably does not belong to them. They can also be found cautiously maneuvering along the outer perimeters of the corridor.

One may notice that commands are usually put upon unsuspecting underclassmen, most likely freshmen, by seniors on power trips. Once in a while one may hear an underclassman pretending to be a senior. This confident sophomore will probably say to the freshman, "Move It!" That's a.k., for that daring sophomore is only practicing to be the perfect senior. The real trouble comes when an upperclassman finds out about this premature senior!

So goes the trials and tribulations of underclassmen. The underclassman "syndrome" is something that every student goes through, if they survive. It's a period of real growing up. A trial period for the final experiment --- entrance to the real world. It is crossing that long, narrow bridge, closely surrounded by very deep water. All this with one goal in mind—to achieve senior status.

Hats off to all underclassmen who have made it through one more year!

Teachers do more than come to school for seven hours, then vanish. Yes, teachers do shop, they do eat food (not English books), have families, and function as normal human beings.

Teachers are often times just as caught up in the latest gossip as the students are. They know that "so and so" broke up and that "he and she" had a party last weekend. They are just as interested in "tuning in" tomorrow to find out more.

Many students feel that teachers are their role models or close friends. In fact, some call Mr. Holman "Chuck", Mrs. Howes "Andi", Mr. Strorer "Slick Rick", Mrs. King "Boba". The list of nicknames is endless. Maybe you just never noticed them, or just never looked, but one can always be certain that they are lurking about somewhere. In the halls, classrooms, or in their respective offices, the faculty of Ipswich High can definitely be considered the backbones of the school.

For this, the class of 1988 would like to extend many thanks to you all. With your support, kindness, encouragement, and devotion, we have learned to strive for our goals and to succeed.

STUDENT LIFE

"Yearbook is tonight? Practice is tonight? I thought Key Club was tonight. They *all* are? #??" Typical? For most of us students, . . . yes! We've all discovered that there just aren't enough hours in the day, or days in the week to fulfill the activities to which we've committed ourselves.

With all our interests and ambitions, we've made things happen, but most importantly, we've gotten things done. In doing so we have learned a great deal about friendship, leadership, relationships and all the other . . . "ships."

We try to get involved in as many activities as possible. We've established sportsmanship, met new friends and overall, broadened our school year.

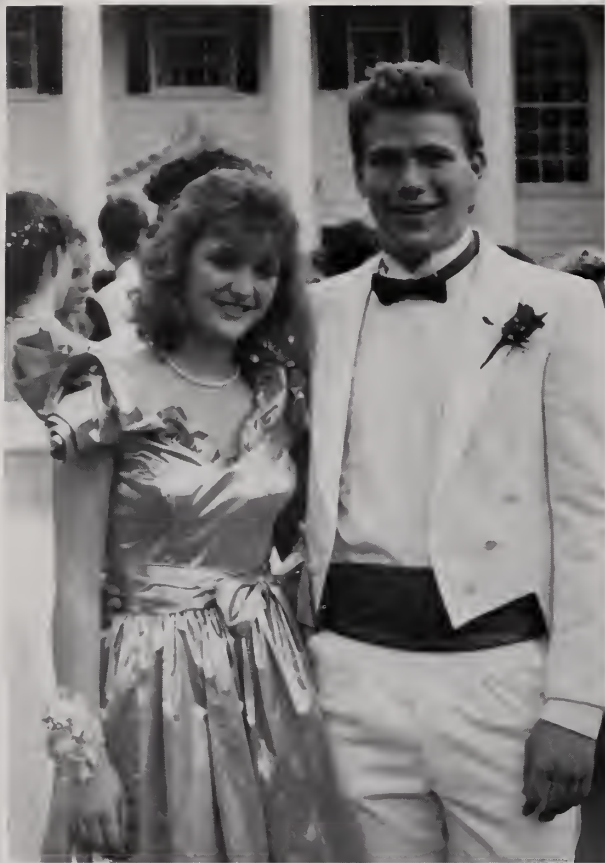

With all the student activities, we tend to over extend and spread ourselves too thin. All in all though, we probably wouldn't trade our busy schedules for a life of sleep and television; (well, maybe sleep!)

Whether it be skiing in Canada, bathing in Mexico, expressing talents in the arts, or being MADD, SADD or glad in Peer Ed, there are different strokes for different folks and Ipswich High has it all!

Spotlights

Lynda can be found working at Oscar's when she's not on stage. She's a great listener and loves drinking apple juice in her Richdale's cup and eating frost-ed cinnamon poparts.

Berhany can be found working at Bruni's when she's not acting with The Company. She likes tennis and the Steve Miller Band. She's very friendly and funny. Remember sleeping under the stars.

Jamie quite often falls into the Gap since she works there. Her favorite things to do are acting and playing the french horn. Oh, and you can't forget about going out with Blake!

IPSWICH HIGH SCHOOL BAND

In the last two years, the Band has progressed in size, quality, and competitiveness. We've seen the "room" become an actual music room with new percussion equipment and new instruments. The seniors will find it difficult to leave because we've seen the changes in the last four years. We've been through a lot of fun and not-so-fun activities, but we will say goodbye and know that the I.H.S. Band has potential.

GOOD LUCK!

The past four years have been devoted to finding new ways to improve ourselves. Along the way, "artistic temperaments" have flared; we have had our differences on when, what and even why we want to sing. We do have, however, a solid core of singers willing to fight to improve and it's paying off. The chorus is growing, and each year the musical level of our performances increases in difficulty. With a little luck and lots of perseverance, the I.H.S. Concert Choir will continue to expand and improve in the years to come. GOOD LUCK!!!

ART CLUB

There are many classes offered at I.H.S. Algebra, English, Math, etc. . . . these are all well known. What people don't often realize is that there is another side. Down at the end of third wing is a bright, welcoming room- the Art room.

The only true pre-requisite needed to attend an art class is the desire to create. Art classes are not something to be taken lightly. These classes develop a side of the brain that thrives on color, light and beauty. In a way, art classes teach people to see-notice those things that might otherwise go unobserved. Education exists in many forms; some of the most beautiful forms can be found in art.

ALL COPY BY JANINE MANCINELLI

The Tiger Transcript has become an I.H.S. institution. Through the efforts of Editor Janine Mancinelli, Asst. Editor Joanna Morley and Advisor Janet McKay-Smith, the weekly page has begun to undertake tough school issues as well as faculty interviews, student life reports, and general calendar-type information. That's not to say, however, that those in charge don't have their headaches. Students will be students and only with a little pressure will students be reporters. Yet the press continues to roll, combatting the constant friction of here, last, and just plain forgotten articles.

On the whole, the staff deserves extensive credit for its continuing commitment to quality journalism at I.H.S.

KEY CLUB

The Key Club is a community service organization dedicated to helping the community and raising school spirit. Key Club International is a worldwide organization which began over 30 years ago in Sacramento, California. Originally, Key Clubs were comprised entirely of males; they are now, however, co-ed.

Recent Key Club projects include a children's Halloween party, distribution of Valentine's Day flowers to the faculty, and a pancake breakfast to raise money for school improvements. Though a new club, the Key Club has a powerful membership and the scope of its projects should continue to grow.

PEER EDUCATION

Peer Education is a valuable student network open to all students who wish to be "available". Members are trained counselors specializing in listening, discussing, and understanding. Basically, Peer Education is about students helping students.

As a group, Peer Educators work on issues ranging from drugs and alcohol use and abuse to study habits. Weekly meetings with Advisor Berry Dorman help members to focus on the ground rules for "just being there".

Peer Education membership has grown steadily since its beginnings in 1983. The idea of students as counselors is a relatively new philosophy in our society, but Peer Education is a positive example of this concept.

STUDENT GOVERNMENT

Student Government, consisting of only eight students, is taking the place of last year's Student Council. The representatives' main concern is to make needed changes in Ipswich High School.

One of the group's first out of school projects was a phone-a-thon for The National Heart Association. This was a joint activity done with the National Honor Society. The group's first major in-school project was a survey on the quality of school lunch. This survey was compiled into a report and was used by the Student Government and the Food Services Department to improve the overall quality of the school lunch program.

The 87-88 Student Government members are: Kelly Lucenti, senior; Victoria Malzone, senior; Amy Player, Junior; Shane Huges, junior; Nancy Emerson, Sophomore; Susan Mikel, Sophomore; Jennifer Tougas, Freshman; and Michelle Ouellette, Freshman.

NATIONAL HONOR SOCIETY

The National Honor Society is an organization composed of members selected annually for their commendable moral character, academic excellence, leadership ability and community service activities. Society members are those individuals who have excelled constantly both inside and outside the classroom.

Each member takes part in a moving and memorable induction ceremony, taking an oath in which he or she pledges to uphold the principles of the National Honor Society.

Affiliation with the National Honor Society instills a sense of pride in an individual and reaffirms his or her commitment to aiding others in the achievement of their goals while achieving his or her own.

REGIONAL ADVISORY BOARD

L. to R., T. to B. Amy Player, Joanna Morley, Susan Mikel

The Regional Advisory Board is the title of the group of students elected annually to represent Ipswich High School at monthly meetings of the Northeast Regional Student Advisory Council.

The NERSAC consists of delegates from every high school in northeastern Massachusetts. The Council's main purpose is to provide a communication line between northeastern Massachusetts student action groups, providing a forum where local educational issues are discussed and acted upon. In essence, the NERSAC is a sounding board of current student opinion.

As a NERSAC representative, a student is responsible for developing projects through the council which address his or her own school's needs. The representative must communicate with the leaders of student action groups within his or her school and offer the results of these communications to other representatives at Council meetings. In addition, a representative must inform students, administrators, teachers and parents about Council activities. Finally, he or she must work to implement and evaluate Council projects targeted for development in his or her own school.

OFFICE EDUCATION ASSOC.

The Office Education Association is a club open to every I.H.S. student. O.E.A. members attend a state wide business education convention. At the convention, each member selects one business category in which he feels talented. Then the member takes a standardized test in that category. The top five contestants in each category travel to the O.E.A. national convention where they again compete.

In the past years, I.H.S. has sent at least one O.E.A. member into the national competition each year. This year the state convention will be held in Danvers, Ma. The national convention will be held in Louisville, Kentucky. O.E.A. members defray traveling and convention costs by fundraising throughout the school year. One major O.E.A. fundraising technique is to sell candy after school daily.

Students who compete on both state and national levels not only gain business experience but also important contacts, both personal and professional. O.E.A. members are given an edge over other business oriented

students - they have the opportunity to experience the real business world first hand

Members Include: President Jim Belbure, Vice President Don Canzano, Secretary Jennifer Hoy, Treasurer Heather Nunes, Melissa Case, David Cavarra, Paula Darillo, Stephanie Dorr, Toni Finley, Jane-Margaret Garvey, Kirk Haskell, Eric Hernar, Melissa Hoy, Carrie Poor, Melissa Prescott, Paul Rodham, Tracey Rygiel, Debbie Scobert, Shelly Spencer, Stephanie Wall.

SCIENCE LEAGUE

The science League consists of a group of inquisitive students who simply possess a liking for science. Monthly, the team competes with twenty-five other public and private high schools. The competition topics range from calculating the specific heat of an unknown to construction of a paper airplane. Instant invention was the topic when we built our famous airplane. The plane consisted of a bilevel craft designed to travel a long distance, and to remain in flight for a long time.

MONTREAL '88

ALL COPY BY SARAH ENTWISTLE.

Special thanks to Mr. Halman and Mr. Strarer for their time and companionship.

The Ski Club is unique in comparison to the other clubs offered at I.H.S. - it was designed for the sole purpose of having fun.

Contrary to popular belief, one need not be an amazing skier in order to join the Ski Club (A.K.A. the Intra Heavy Skiing Club). There are only two requirements: 1) a member must not be afraid to fall down from time to time, and 2) all members must have a great time (or pretend to - or least).

Four distinct personalities may be found in the Ski Club. There are a few expert skiers in the

club, and then there are the expert-want-to-be's. These are the people who think they are good but really need to consult the ski manual again. Of course I.H.S. has its share of ski bunnies who spend their time sipping hot chocolate and checking out ski bunnies of the opposite sex. The rest - and most - of the Ski Club consists of Kamakazie skiers.

These are the people who aren't necessarily bad skiers, but they aren't quite expert material either. Instead, their skiing ability is measured by the number of chinese downhill that they have won.

Gage likes sailing, sun, music and lacrosse. He remembers good times at Maan Hill, Big Square, and at Lawrence's. He works on a tug boat in Florida and is simply an "amazing" dude.

Sarah is a fun person to be around, friends say. She is a good listener and has a great sense of humor. She loves to ski and takes trips to Sugarloaf often.

David Pape

David didn't want to have his picture in but he landscapes with his brother and likes to do things sideways. He is known for falling asleep sometimes and must remember the special edition in the graveyard.

Jamie MacDonald

Jamie works at Chipper's. We hear he went from dishwasher to salad maker. He enjoys computer and being with his friends. He'll always remember his trip to Barbados with David.

Chris Schiessel

How do you pronounce his last name, anyway? Chris is very smart and friendly. We hear he wants to give his mother driving lessons. He is outgoing and is a good tennis player. Chris enjoys reading "Bloom Country" and is a whiz with the computer.

Liza Guay

Liza can be found working at Chipper's. She's graduating early with our class and is very artistic. Liza also likes music and being with her boyfriend.

Meg loves to spend time with her boyfriend and friends. She also likes shopping and doing the Jane Fonda workout. Meg is always full of laughs and energy.

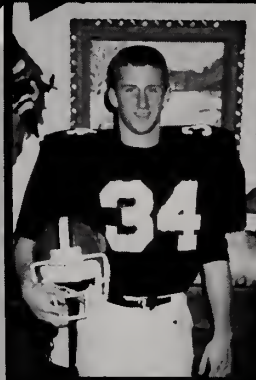

Kevin Hunt

Kevin likes music, skiing and spending time with his friends. He likes to have a good time and his friends say he is fun to be with. Kevin is funny and friendly.

Will can be found working at Arvo's gas station pumping gas. Some of his favorite things in life are his car and TV. He has a good sense of humor and must remember the night at the station.

Jay keeps our town's windows sparkling clean. He likes sports, especially football. Jay enjoys going to parties, being with his friends and listening to music.

Stephanie likes being with her friends and her boyfriend Keith. She enjoys being on her own and shopping. She's a lively person with a great sense of humor.

Mark loves sports, especially soccer and basketball. Last summer, he traveled to Europe to play soccer with the Team USA. He enjoys spending his free time with his friends, especially Shannon.

Paul is a "super sick dude" and can be found working at a gas station in Peabody. He is an awesome skier and is very friendly. Paul is our class's "most congenial" guy and can be found eating lunch especially packed by Mommy every day. His friends say he has great manners, especially with the women.

Julie works at Hills and loves hockey, orange sherbert with walnuts, Dumpster, her dog and music. Of course she remembers her first time skiing and the time she raced in an Enduro. Her friends say her best quality is her personality.

Scott can be found working as a stockboy at Woolworth's downtown. Some of his favorite things to do are vacation in Florida and drive a car. Scott is very smart, especially when it comes to science, and friendly.

Rich's favorite things in life are guns, fishing, bowling, and camping. He also likes watching movies and swimming. Rich enjoyed his classes in woodworking and gym at IHS.

Dan Milette

Dan works hard on his successful Christian music magazine, "Pure Rock." He started it on his own and is editor for the magazine. He is friendly and dedicated. Dan works at Cape Ann Markets and didn't want to have a picture here.

Mark Nolan

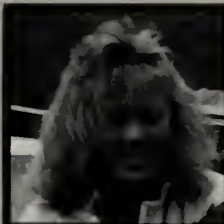

Mark left IHS and went to Whittier, however, everyone was happy to see him return here. He enjoys playing hockey, going to parties and being with his friends he missed so much. We'll miss his smiling face without a photo here to remember him with.

SPOTLIGHTS

When she's not with her friends, Erin McCarthy can be found working at Agawam Video. She enjoys shopping and plans to become a fashion designer. She'll never forget S.W.C.C. and the bakery meeting.

Kristina can be found working at Brooks Drug Store in the shopping center. She enjoys riding in little red wagons and doing backward somersaults off beds. She loves being with her friends and Steven.

Tracey works at Caldwell Nursing Home. She loves peanut butter cups, Pepsi, and her boyfriend. She has good memories of the summertime, and trying on clothes in front of old men-ha-ha!

Jen Jermyn
Jen loves to listen to music, watch old movies, read and write. Some of her favorite things in life are her television, her stereo, cats and Geoffrey. She is smart and sensitive.

Jen can be found working at the apple orchard when she isn't partying. She likes guys and many things she shouldn't. She is quiet sometimes and has a nice personality.

Morr Comeau
Morr pumps oil with his father. He loves to play baseball, to go to parties, and vacation in California and Mexico. He's a fun person who enjoys being with his friends but doesn't enjoy having his picture in the yearbook.

Garth just moved here this year and he started off well for the wrestling team before an injury ended his season early. He had a terrific time in the "scream along" at our Senior Christmas Party. Unfortunately, Garth didn't submit a photo to us, but we're happy he's here in Ipswich.

Mike Jensen
Mike loves parties and sports. He can be found shucking clams in the summer and must remember camping at Hood's pond, though he couldn't remember to submit a photo to us. After graduation, he is looking forward to traveling to Mexico and California.

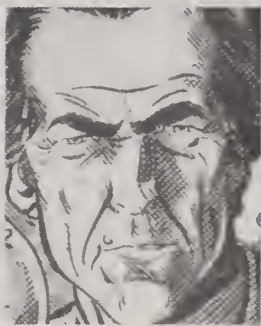

POLL 1988

POPULARITY '88

Some good comebacks for '88. "Hey, S--- happens", "That's Clurch", "Carch Yo", "Oh and I don't", and from the ever so popular church lady of Saturday Night Live, "Isn't that special!"

The class of 1988 loath these: "Oh my head", "Dude", "Bummin'", "Rod" (or RRRadicoll), "Wicked Awesome", the intelligent, "Durr", and last and certainly the least, "That's the ticket!"

"Make My day!" Clint Eastwood made same days in *Sudden Impact* as Dirty Harry. Runner up was Bruce Willis.

Once again, Meryl Streep has become the meaning of the word "actress." Runner up was Demi Moore.

No, nor Madonna! Strevie Nicks holds this candle. Whitney Houston placed second.

Sorry to disappoint you Sting but Billy Idol beat you by three points. Better luck next year.

Debbie Gibson and George Michael go hand in hand. Her hit single, *Only in my dreams* and his, *Faith*, came in first.

Crane Beach placed first for favorite place to be. Others were: being with friends, the mall, home in bed, a party, Kavanagh's hot tub and Mulholland Drive???

Fleetwood Mac is back for this years favorite group! Runner's up were U2, Led Zeppelin, Grateful Dead, Squeeze, INXS, The Eagles, The Cure and R.E.M..

The thriller movie, *Fatal Attraction* came in first. Dirty Dancing held second place. May we also not forget . . . *Three Men and a Baby* and *Nurs*

The class of 1988 enjoy watching *ALF* (second place) on Mandy nights and *Moonlighting* (first place) on Tuesday nights.

Pizza now takes a back seat with China Star in town. Chinese Food wins!!!

First place winners tied! The one that begins with a "D" must be censored due to alcoholic content, the other was the All-American-Classic Cake.

Anything Goes In

FADS 1980s Eighties FASHIONS!

Anything does go in 1988! To display these different looks we used some of our fashion plores at I.H.S.. For the more "Ourdaarsy" look we have Kurr Smith. The classic "Prep" look, Megan Dyer at her best. For the "Casual" look we used Rob Wile to show us *his* weekend outfit. For those who enjoy dressing the "Mix-n-Match" look or the "Rad" look we have Hallie Lawran and Liza Guay. The "Chuck" look, illustrates for us his individual self and everyday look. We'll never forget you Indiono Jones! And modeling for us the mare "Flashy" look is Julie Jermyrn with some of her most outrageous duds.

SPORTS

Maintaining top physical condition is the one of the key motivations for participating in sports. The numerous contributions to our health are invaluable. Yet, the significance of sports goes beyond the physical attributes; equally important attributes do exist.

Sports serve as a unifying element, bringing different types of people together to work towards a common goal. Through sports, we broaden our friendships, learning that restricting our friendliness to only a few people is damaging to the team.

We experience healthy competition, allowing us to test our abilities against the abilities of others. We learn what it takes to win, and by the same token, we learn what it means to lose.

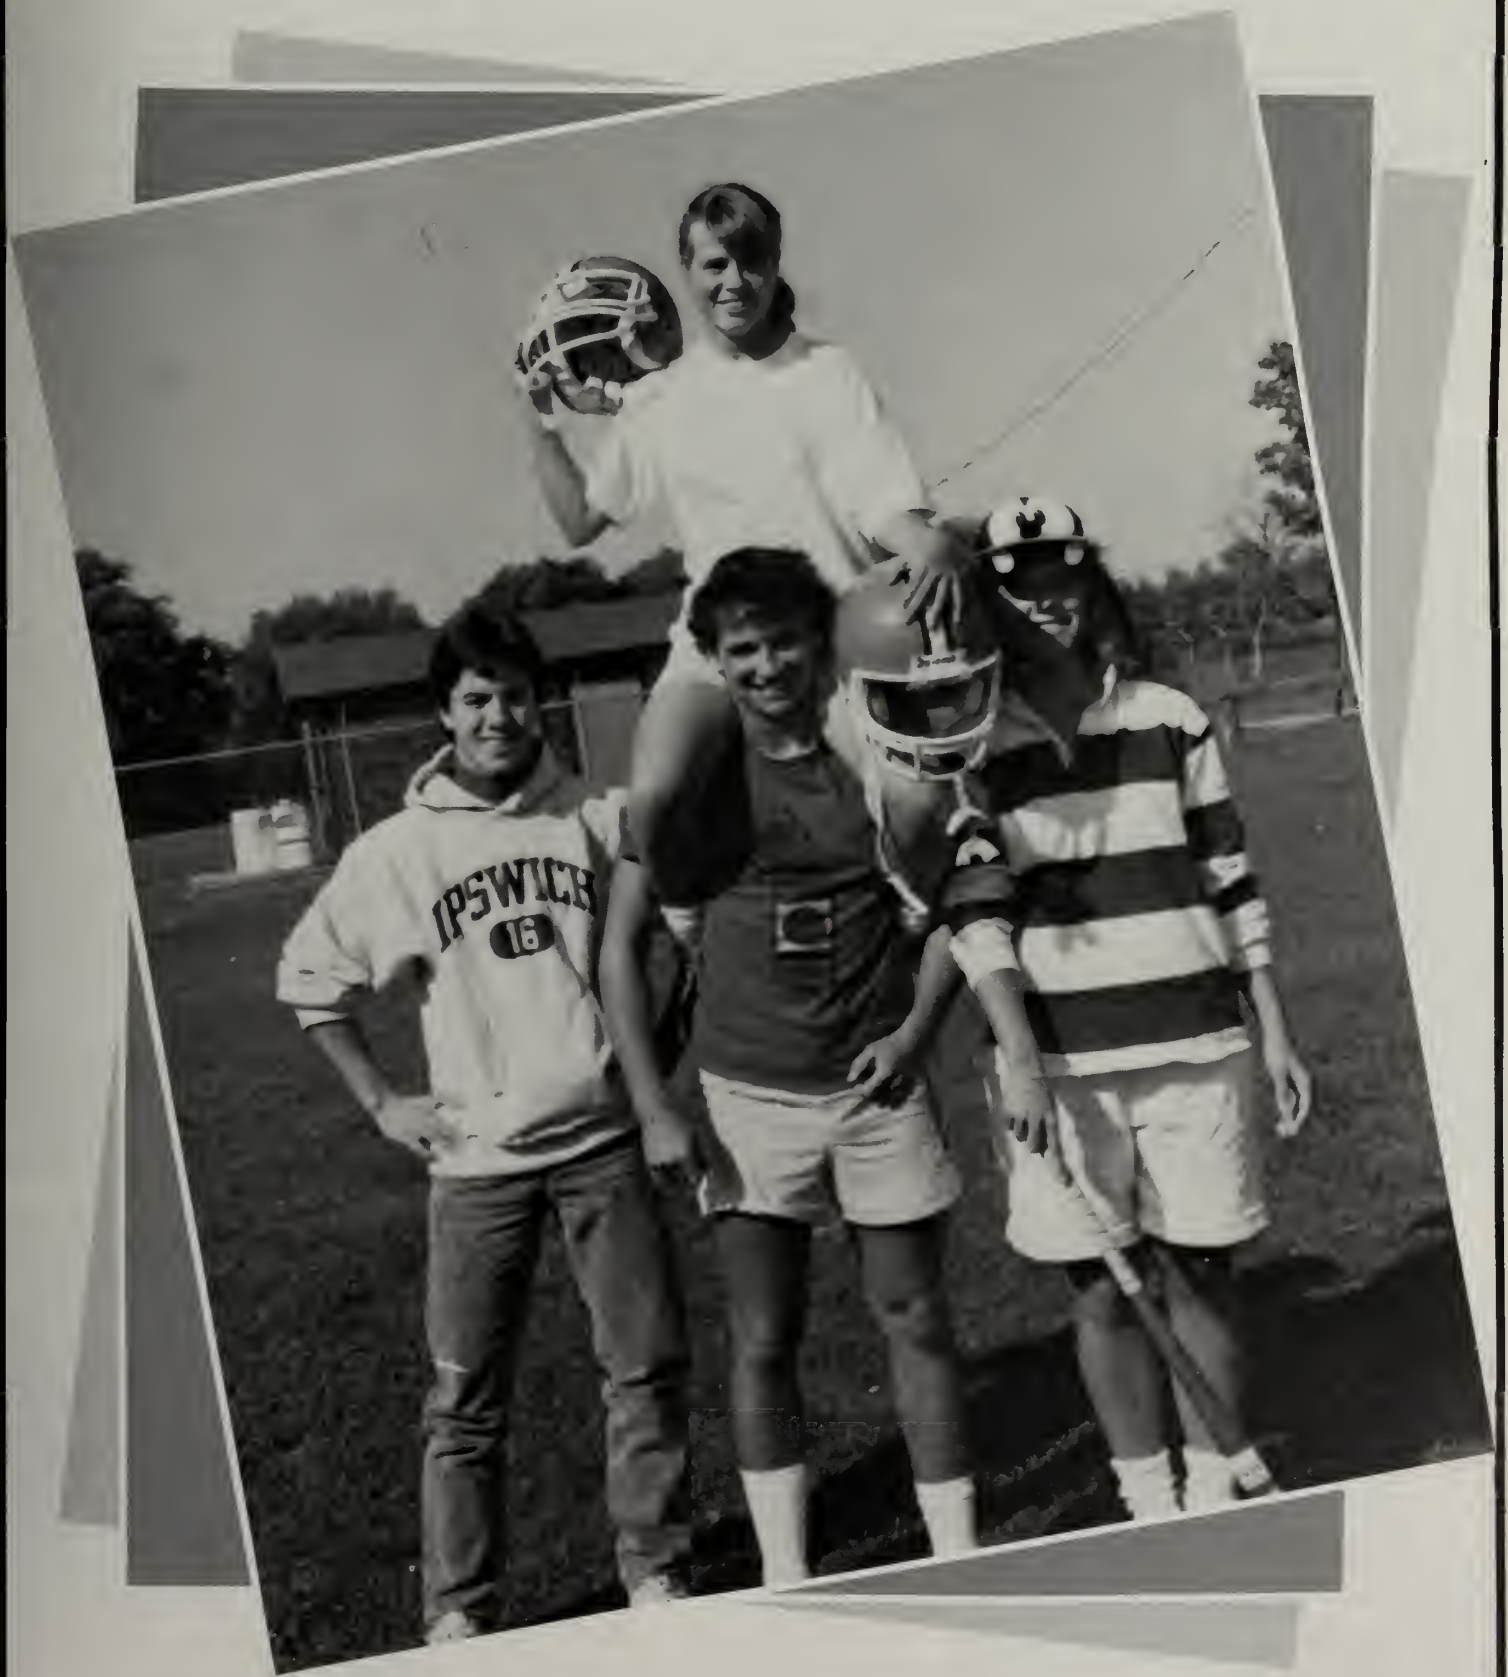

In sports, and in life as well, our main objective is to succeed. We learn that success only is achieved through hard work and determination. However, sometimes our search for success comes up short, thus leading to our confrontations with defeat. We are taught to realize why we are defeated, to be aware of the mistakes that led to defeat, and to avoid making the same mistakes in the future.

Most importantly, we learn about ourselves. We learn just how far we are able to push ourselves and just how much we are willing to endure in order to attain success. Sports teach us to give all that we are able to give as we learn from our coaches that, "there is nothing wrong with always trying to give 100% of yourself in anything that you do . . ."

In essence, sports are an extension of the classroom. All that we learn from our participation in sports can be applied to situations we may encounter later in life. These assets that sports provide us with now are assets that will be undoubtedly useful in the future.

VARSITY FOOTBALL

Unfortunately, the Varsity Football Team suffered one of its most upsetting seasons in its history. After a rigorous summer devoted to getting into shape, the players entered the 1987 season with high expectations. The team's confident attitude, however, could not prevent unforeseen injuries. The Tigers were plagued with injuries early in the going, losing four different starters within the first four games. Three of the injured soon returned, yet the team continued to struggle, unable to put together a victory.

It's difficult enough having to accept our season, let alone writing about it. Finding bright spots to such a frustrating season is even more difficult. Yet if there is anything to be salvaged from this season, it is the unity. We endured the season, as painful as it was, and we stayed together.

VARSITY BOYS SOCCER

The 1987 season was the most productive in the history of IHS soccer. With each game greater levels of play were attained through determination, aggressiveness and the teams ability to play together as a unit. The team was well respected both in IHS and throughout the league by achieving goals unparalleled in the past by any IHS soccer team. The season ended with a new shut out record of seven, a record low goals against average of .75, second place in the league, and IHS soccers first ever state tournament in which they continued on to the quarter finals. They finished their monumental season with a final record of 10-6-1. The IHS Varsity Soccer Program reached new heights this season and had fun doing so. We couldn't have done it without you Chuck, Thanks!

VARSITY GIRLS SOCCER

As the Girls Varsity Soccer team ends another memorable season, we think back on the accomplishments that were made during the season.

Thanks to Coach Bruce Arbour many of our goals come to life. The team made great strides to beat the opponent every time. Although a winning season was not on the list of achievements, hard work and determination were. These efforts along with friendship and dedication were among the most important aspects of the team. We look forward to another year in 1988, and we thank the seniors that helped us every step of the way. The guidance received from them is deeply appreciated. Thank you everyone for a job well done. Good luck to the class of 1988.

The 1987 Field Hockey season can easily be referred to as "The Great Awakening". It was like we didn't realize we were playing field hockey-all throughout our first eight games!!!

After experiencing such a period of defeat, something went through each player's mind, an alarm of some kind. We then picked ourselves up and realized what we had to do-WIN A GAME!

The fresh, new rigresses had had plenty of rest until then along with an abundance of kindled energy making us ready to leap and capture all apparition!!!

That's exactly what we did by winning all but one remaining game. All losses were then considered just cornops to the much deserving rigresses. The season came to a close with a final record of 7-9-12.

CROSS COUNTRY

The Cross Country team has always had to campere with the other fall sports for its members. However, this year the table began to turn. The Cross Country team grew in popularity. There were more members on the team this year than there were in several past years. Although there was once again only one female runner. (Thanks to Jen Seltrenrich)

The runners worked together as a team as well as individually. At the start of each race, they strive only with the intentions of improving their best time. Even if they did not beat the opponant, they were left with the personal satisfaction that they did their best, ran their fastest. Congratulations for a season well done.

CHEERING

The 1987 Football Cheerleaders had a great season. In the beginning, we got off to a rocky start, but as the season progressed we all improved. We grew closer and shared many good times. The night before the first football game (remember?), the *long* hours spent in the gym practicing, and of course, winning fourth place in the CAL Cheerleading Competition. These times are now all memories. We worked together like a team and we accomplished so much. Thank you all for a great season, especially Wendy Rathe, Christine Hall, and Laurie Schoff. Thanks again everyone!

"The day that I found out we made the soccer tournament was amazing. Phil, Chuck, and I were playing soccer 8th period. Chuck went in to find out some info from MIAA. He found out that 2nd place meant a Tourney berth. He was overjoyed, with two close years behind us, we were now in.

We had superb fan support for our first round game versus Chelsea. I will always remember Gordy's shove on the penalty kick. The crowd was awesome, they wouldn't let us die. We came through at 4:40 of the first sudden death when Kurt struck one home.

Next came #1 seed St. Mary's in the snow. It was fun and unique. Even though we lost 2-1 we never quit. We tried our hardest to the very end.

All season we showed our pride that we have in ourselves and in our school. The biggest and most important thing that happened was the respect that we gained."

Mark Bodwell

"Making the Tournament after two frustrating seasons was the best feeling. I couldn't have dreamed of a better game than the one versus Chelsea. Hours after the game my face hurt so much from smiling.

Ending against St. Mary's seemed to be the only way; against the number one team, in an inch of snow, down 2-0, but still fighting. Not only did we make believers out of the fans, but also of ourselves. Now we've got something to boast about."

Bob-dog works at the Salem Country Club. He loves golf, baseball, and hockey. Accident prone Bob is always looking for a quarter or a cap. He'll always remember skinny dipping in October, Bo King, and Wiga's party.

Drew's a party animal and throws amazing parties when he's not working as a carpenter in Hampton, New Hampshire. He loves his boat, hockey, lacrosse, and Bethany.

Eric can be found working at Brooks. He loves to ski, spend time with his friends, listen to music, break his bones, and eat Jolly Ranchers. Eric recently graduated to be a full-fledged Eagle Scout.

Walda's head is always in the clouds, both literally and figuratively. He'll never forget New Year's Eve at the loaf, Kelly's teeth marks, and Sam knows all. Walr is one of a kind and he's the one who knows all when it comes to science.

Dana's favorite pastime: flirting with Janine. He likes to pass his time with his friends, partying, and playing baseball. Friends say he is a "riar" and won't soon be forgetting Hood's Pond.

God Created.
 Man Creates.
 Both Prolifically.
 Both Expressing Beauty.
 Creations Are God's, Some Are
 Men's.
 Both Are Different.
 So Too, Are Men's To Men's,
 From Artist To Artist.

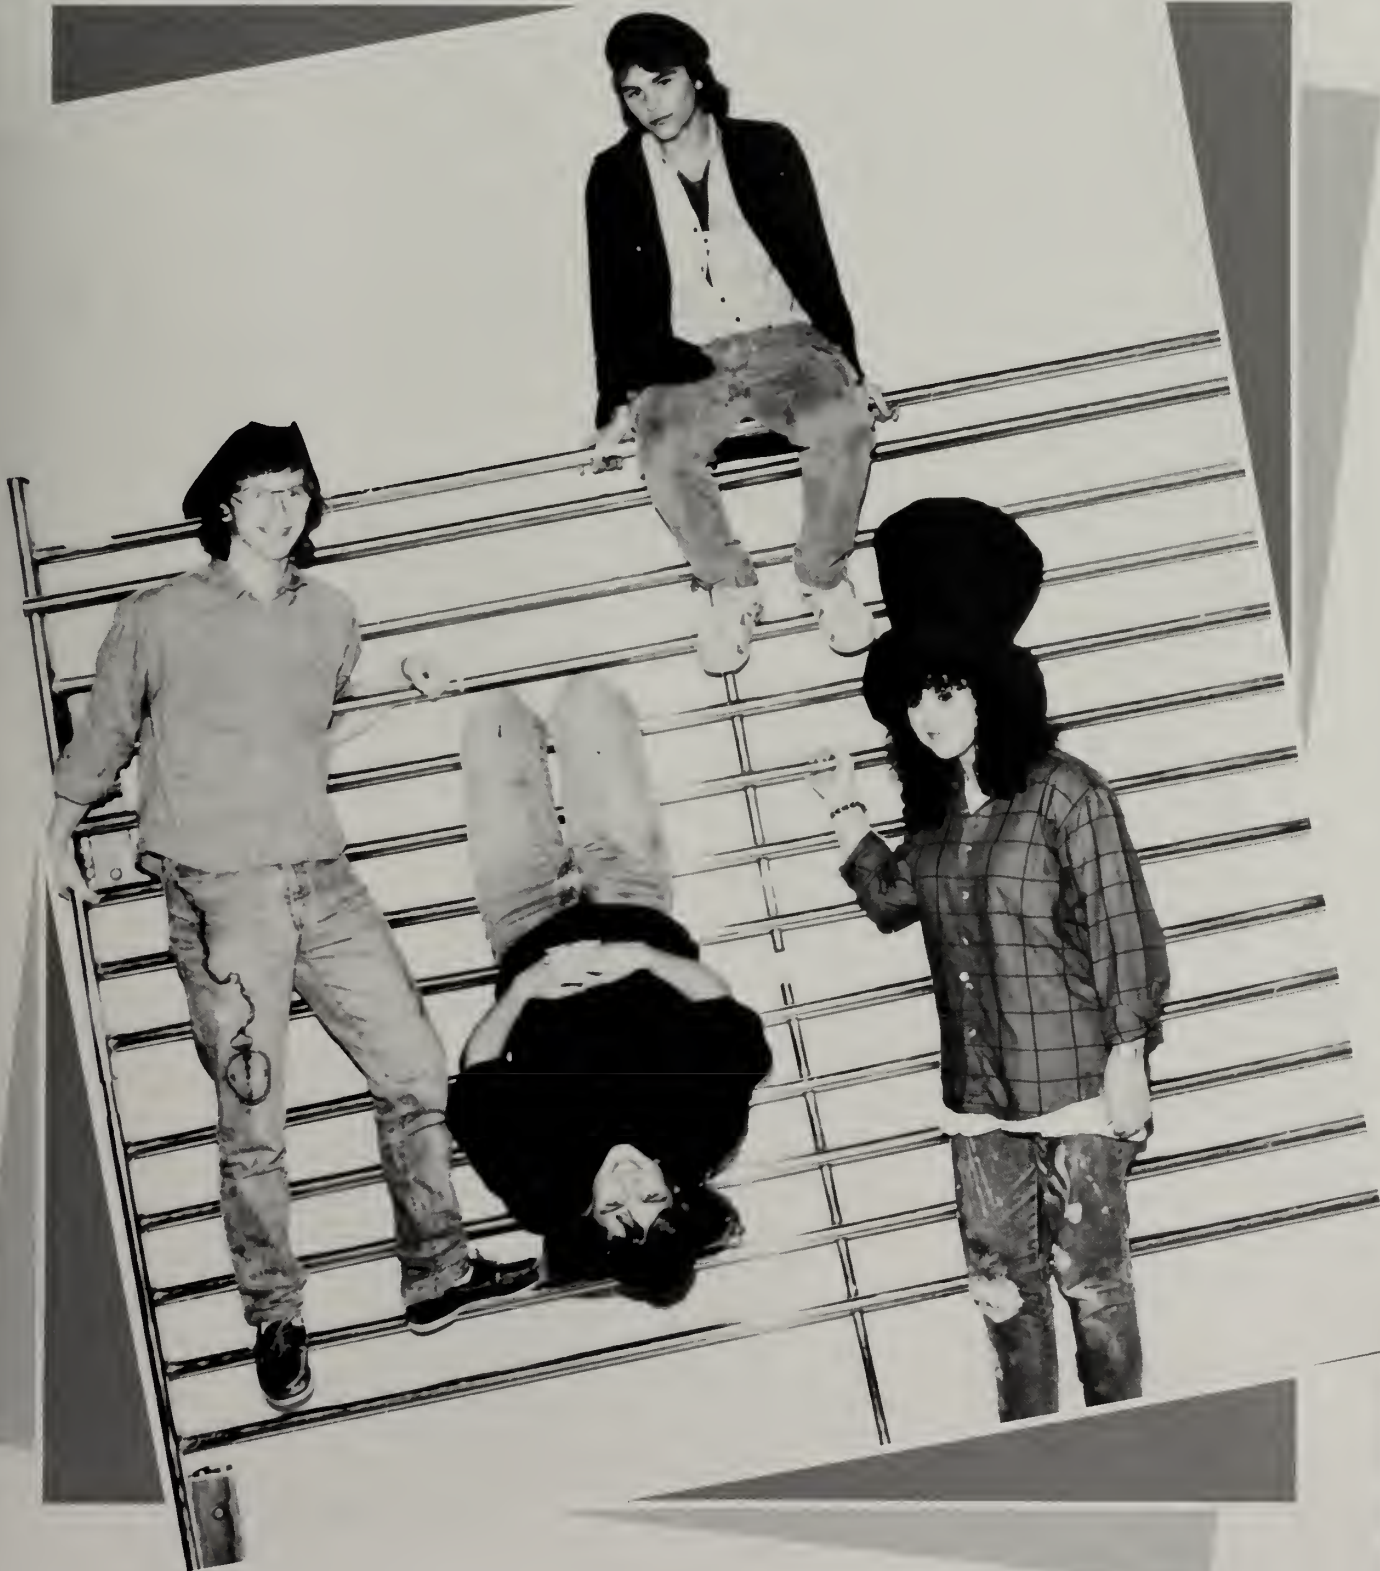

In The Art Room, We All Have
 One Thing In Common . . . A
 Need To Express Ourselves
 Through Art.

This Section Is Dedicated To All
 Who Have Walked And Will Walk
 Into Room 323 With A Head Full
 Of Ideas Waiting To Be Projected
 Onto Something-Be It Paper,
 Photos, Sculpture Or Mrs. King.

To An Artist This Is A Blessing:
 Be A God And Create What You
 Will; So May It Be.

C. Brooks McPhail

Becky's favorite things in life are art, new music and individuality. She also enjoys hanging on the rofter by her boxer shorts. She is sometimes called a "bubble-head" and was voted class artist.

Try to make something so beautiful it hurts.
Dorothea Rockburne

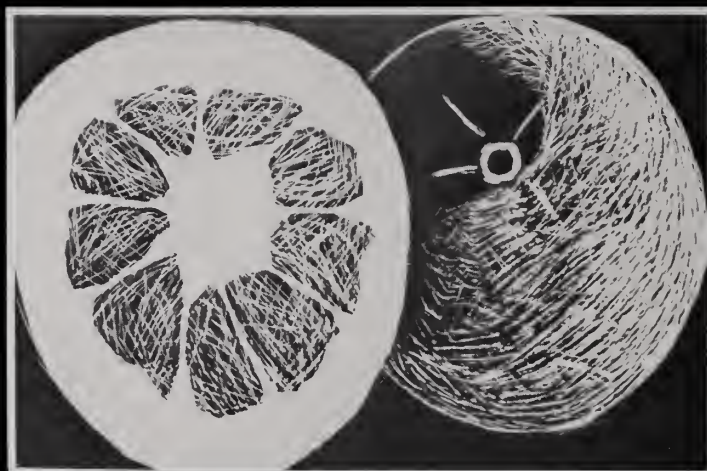

Janet is friendly and caring. She loves all kinds of art. Janet is somewhat of a newcomer to IHS, but she has fit in every easily because of her personality.

Change art to include yourself.
-Joseph Kosuth

Leslie likes spending time with her boyfriend, and listening to music. She also likes art. Friends say she has a good sense of humor and is fun to be with.

Carolyn likes art, Led Zeppelin and the Grateful Dead. She is friendly and funny and likes to spend her free time with her friends. During the summer you can find her at the beach swimming or just lying in the sun.

I try to couple the ingratiation of wishful thinking with the criticality of knowing better.
-Borbro Kruger

Vickie is involved with everything under the sun. She is friendly, enthusiastic and outgoing. She likes art, acting and singing in the choir. Vickie was voted class actress and most likely to succeed.

The artist goes through states of fullness and emptiness, and that is all there is to the mystery of art.
-Picasso

Some of Brooks' favorite things are art, acting, and music. He is a good friend, has a good sense of humor and is an individual. He is also outgoing and was voted class actor.

Art is what you think it is.
-Benny Andrews

Dan Walker

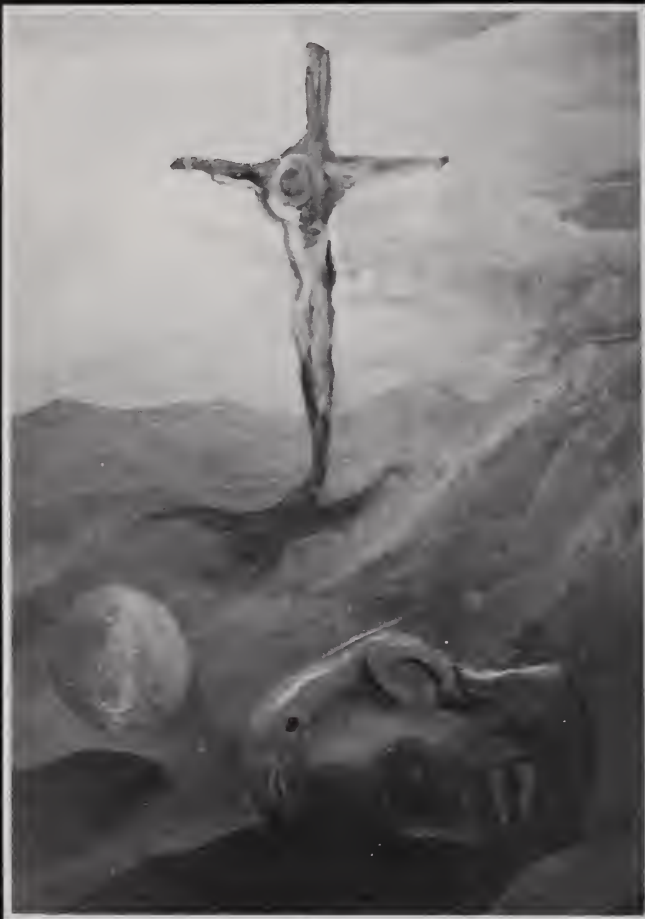

John Madden

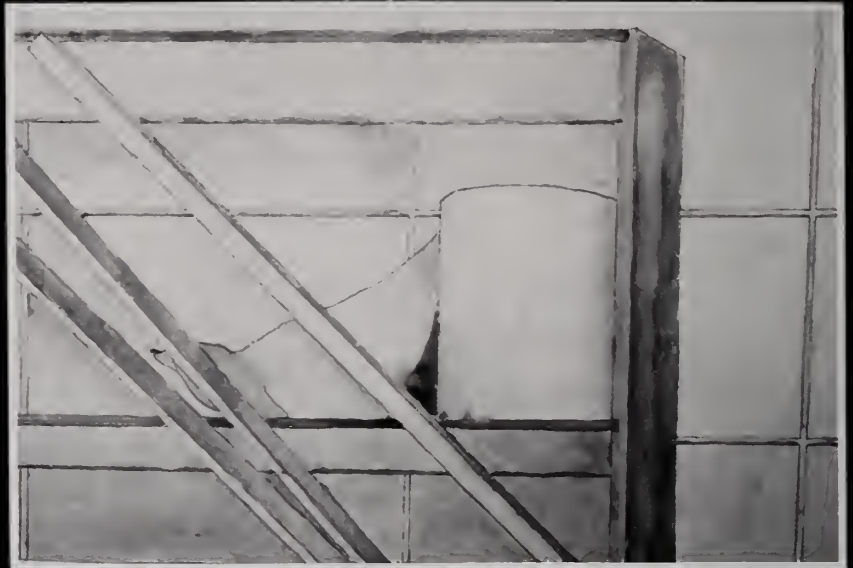

Josh Nove

Anything can be art. Art is the relations between relations not the relations between objects.
-Joseph Kosuth

Ruth Berry

A silver frame hangs on the wall.
In it is the Image of a womans face;
Dull eyes reflecting only pain and sorrow,
Cheeks hollowed like the vally of death,
And pale lips which have forgotten how to smile.
Raven black with gray streaked throughout the tangles.
The Image sighs, and turns to face another day.

-Linda Walsh

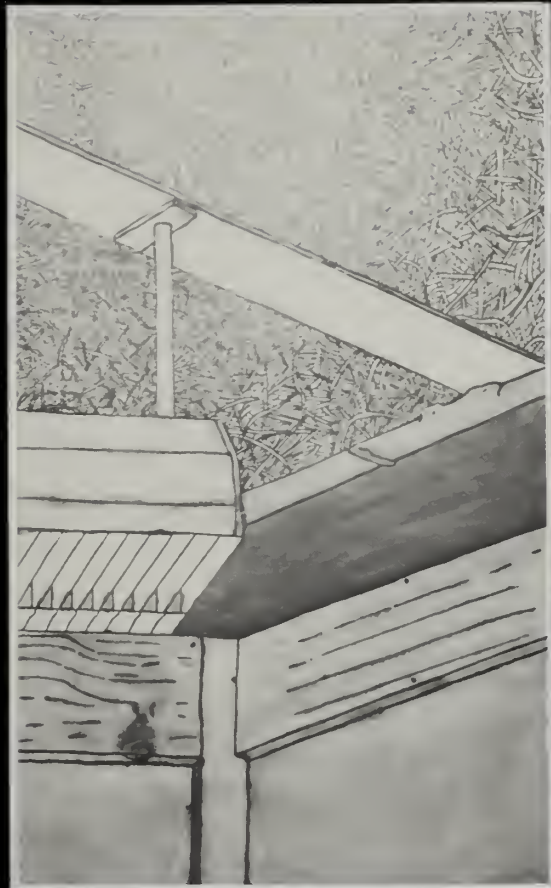

Naomi Cottrell

Make something be what it is not.
-Elisabeth Murroy

Ruth Berry

"It's six o'clock, now off to bed"
Said father with a smile
And off I went without a grin,
Unhappy all the while.
I got in bed, I said my prayers,
And settled off to sleep.
But as I slept a thought arose,
Which made my poor heart leap.
"What beasts do lie beneath my bed?"
My fear did question me.
If you were not a silly fool,
You'd take a look and see.
But as I started getting up,
I thought I heard a sound.
A monster growled beneath my bed,
And back in bed I bound.
Although I lay in fear beneath the covers of my bed,
I'd rather be a coward than a hero that is dead.

-Todd O'Brien

The worst that could happen to you is to make one style or gesture all your life.
-Kromar and Melamid

Yvette Shrank

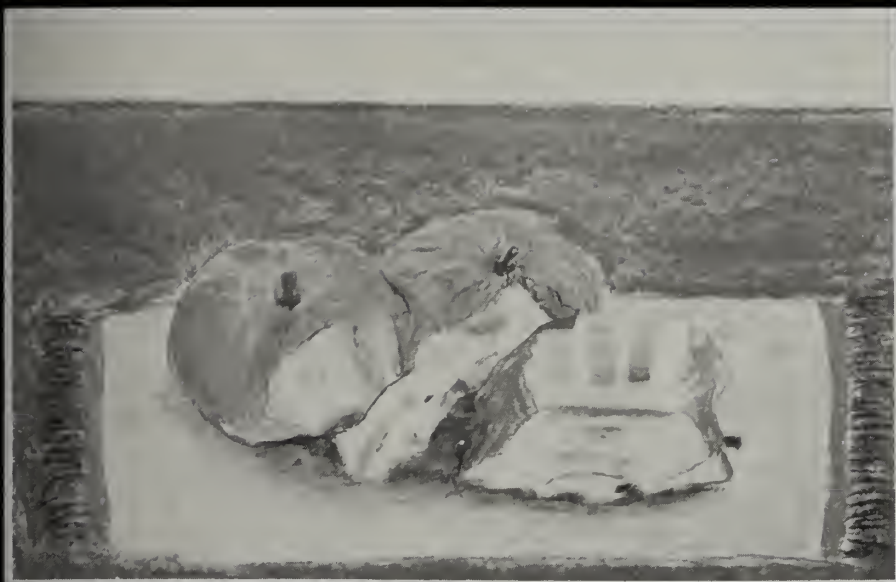

Amanda Barney

I can't believe that tragic ending,
That comes with appearance and
Leaves with envy,
The blood dripping across the battle fields
Of our minds;
Like tears falling into time.

-Liza Guay

Art is the finite trying to connect with the infinite.
-Jackie Windsor

Ruth Berry

How are thine eyes,
Without a glimpse
Of the only love that loved you since,
The shadows of gods echoed
In my mind
And left me here; again left behind.

GOLDEN YEARS
BY
MELISSA FERRICK

SO YOU SAY IT'S OVER
WE SAY IT'S JUST BEGUN
WALKING THROUGH ANOTHER DOOR
STILL MILES TO THE SUN

WITH TEARS OF LAUGHTER
FORGIVENESS AND BLISS
WE TURN TO FACE ANOTHER DAY
REMINISCING 'BOUT WHAT WE MISS

CHORUS
OH THESE GOLDEN YEARS WILL FADE
AND MELT IN THE SUMMER SUN
LOOKING FOR THE ANSWER
'BOUT WHY WHAT'S BEEN DONE
OUR DESTINY WILL LEAD YOU
TO A LIFE OF HAPPINESS
THESE MEMORIES SHALL GUIDE US
THROUGH THE WORST AND THE BEST

SO NOW WE PART
PROUD YET SCARED
OF ALL LIFE HAS TO OFFER
AND ALL WE'VE LEFT BARE

THE WIND WILL GUIDE US
THE SUN WILL SHINE
BUT WHEN IT POURS MY FRIEND
YOU CAN PUT YOUR HAND IN MINE

CHORUS
